

New \$26 Million Edgerton Hospital Project Advances

(Edgerton, WI) - Edgerton Hospital and Health Services (EHHS) announced that it has secured financing and will be moving ahead with its \$26 million dollar hospital. The project will be located on a 69-acre site, just off of I-39 / I-90 and STH 59 Interchange. Hospital services will include inpatient, outpatient, surgical, diagnostic, 24-hour emergency care, urgent care and rehabilitation services.

[Gilbane Inc.](#), the project's General Contractor, anticipates breaking ground January 2010. The facility is expected to open early 2011.

"Our area residents deserve a health care facility that matches the high quality care our patients already receive," says Jim Pernau, CEO of Edgerton Hospital and Health Services. "Our community is growing and has unique needs. This new facility will be able to meet those needs while exceeding everyone's expectations."

Edgerton Hospital and Health Services (EHHS) is limited affiliate of SSM Health Care of Wisconsin, which serves the communities of Edgerton, Milton and surrounding area. For additional information the project and/or hospital, please contact Tracey Pederson (608.201.0908) or www.edgertonhospital.com .
