# RETURN TO LEARN!

## LEARNING LABS

### Virtual Learning Support

This fall we are excited to offer customizable options to fit your families unique needs during the school year. YMCA Learning Lab is a place where your 4K – 8 students can go to participate in their online schooling and/or home learning. Each location is staffed by teachers, counselors and education specialists. Our spaces are designed to comply with state and local guidelines for safety and social distancing, including:

- Social distanced 'Huddles' (small age-appropriate group sizes of 10 or less)
- Live virtual instruction spaces to accomodate real time learning
- Special encore class offerings such as: gross motor activities, swimming (janesville only), physical education, arts and crafts and more!

When online school or remote learning is completed, students will have time for homework or structured, age-appropriate academic enrichment activities.

**To register, please call the location of your choice. Please visit our website for enrollment forms. All forms must be completed PRIOR to participating. Limited spaces available.**
